

All prizes have an expiration date and must be used within the agreed upon timeframe or they become null and void. Home-school students are eligible to enter and win the state and national prizes for the student. However, the national prize of the shade cover will be given to a school chosen by SHADE Foundation of America.

Prizes may be subject to change.

The US Environmental Protection Agency (EPA) does not endorse any of the sponsors or take part in the procurement of any prizes.
